Re: National Heritage Area Act of 2019 (H.R. 1049)

Dear Chairman Raul Grijalva and Representative Rob Bishop and subcommittee members,

My name is Gloria Winter and I am on the board of the Ephraim Co-op. Our store was established 30 years ago, and with the help of the Heritage Highway (now Mormon Pioneer National Heritage Area), we have flourished. So many crafters have sold items in our store over the years, helping them with added income to survive. About 80% of our business is from customers from out of town.

Many times, as I am working in the store, I will get out of town visitors that tell me the reason why they are in the area is because they are driving the historic Heritage Highway and enjoying all of the little towns they drive through.

I fully support H.R. 1049.

Sincerely,

Gloria Winter  
Ephraim Co-op board member  
Ephraim, Utah.
