House Committee on Natural Resources
1324 Longworth House Office Building
Washington, DC 20515

Chairman Raul Grijalva and Representative Member Rob Bishop,

I am writing from Sevier County, Utah to express my support for HR 1409, the 2019 National Heritage Area Act. The Mormon Pioneer National Heritage Area plays an essential role in the preservation and improvement of natural, cultural, and historic resources of our county.

The following is a sample list of restoration projects which the Heritage Area has helped fund: Big Rock Candy Mountain Project, Carol Theater, Hot Springs Road, CCC/POW Camp Project, Richfield Visitor's Center, Miss Mary's School, and Veteran' Memorial.

Please support HR 1409 to allow the Heritage Area preservation in central Utah.

Sincerely,

Garth Ogden

Sevier County Commission Chair
