House Committee on Natural Resources  
1324 Longworth House Office Building  
Washington, DC 20515

Dear Chairman Raul Grijalva and Ranking Member Rob Bishop,

Skyline Eventing, LLC is advocating for H.R. 1049 in support of our local National Heritage Area, the Mormon Pioneer National Heritage Area (MPNHA). Skyline Eventing, LLC operates Skyline Eventing Park, Utah's premier eventing facility, located on the grounds of the Cleone Peterson Eccles Equestrian Center in Mt. Pleasant, Utah.

The Mormon Pioneer National Heritage Area was at the forefront in developing the Cleone Peterson Eccles Equestrian Center, which includes an indoor arena, three outdoor arenas, stalls and supporting facilities.

Skyline Eventing, founded in 2015 by a group of hard-working women with a vision, has quickly grown to be home of some of the West's most popular three-day events, attracting hundreds of riders for our United State Eventing Association rated events held in the spring and fall. In October 2017, Skyline hosted the USEA Area IX Eventing Championships which drew over 150 riders, including well-known professionals from as far as California, Washington, and New Mexico, competing in twelve different divisions from Introductory to Preliminary. Additionally, Skyline has already been selected to host the 2018 and 2019 Area IX Championships. Our events and shows draw hundreds, including riders, trainers, vets, and spectators from the surrounding states.

The scope of our events extends beyond the hundreds of competitors who travel to Mount Pleasant. Each show supports dozens of local vendors and businesses, creating a positive economic benefit for Mount Pleasant and involving community members for each Skyline endeavor. As a result, Skyline Eventing and the Cleone Peterson Eccles Equestrian Center helps the MPNHA tell the story horses played in colonizing the West and how they continue to improve the lives of people by inspiring, healing, and enhancing the economy.

Your thoughtful consideration of H.R. 1049 is greatly appreciated.

Sincerely,

The Committee of Skyline Eventing, LLC
